Eytelia, the world leader in organic silica-based products, open the doors of its company in Courcelles: a rare opportunity to step into a production lab in Wallonia.

What is silica?

Silica, a vital mineral for our organism, ensures the elasticity and resistance of our skin, cartilage, hair... It greatly improves the suppleness of our muscles and tendons.

Eytelia: a Walloon company, world leader in its field

Over 21 years of experience, 80 employees, a 4000 m² production unit shipping 500,000 bottles of drinkable silica a year: no wonder Eytelia is the world leader in organic silica.

Eytelia can organise corporate visits, which include:

- the research and development lab
- the quality lab
- the production site
- the clean room
- the packaging line
- the storage

Discover the benefits of silica and its processing in the Eytelia labs in Courcelles.
