**The lake of Louvain-la-Neuve, 7 hectares wide, was created in 1984 as a storm basin and fishing pond. A path invites visitors to walk around it.**

The lake's flora and fauna prove particularly interesting, if only for the little island favoured by migrating birds. You might glimpse amphibians too during your walk.

### Fishing, relaxing, walking

The lake is particularly liked by fishermen but many simply come for a walk. The 1.5 km walking path named "The dream of a lonely wanderer" is perfect to discover the area.

### Visit Louvain-La-Neuve too

- Two internationally famous museums: the **Musée Hergé** and

the [Musée L.](#)

- Nature is more your thing? The Bois de Lauzelle, its nature reserve and the [Bois des Rêves estate](#) are well worth a detour.
- Why not finish the day [#link\[node|36173\]](#) with a little shopping in the pedestrian area?].
