**This house by the river is dedicated to the memory of the Meuse villages and forgotten trades. A real journey through time for all generations.**

### The collections are arranged in three themes:

- River life as lockmasters would have known in the 19th and 20th century (work, techniques and tools to open the locks manually included)
- Rural life with over 40 trades defined by tools used by our grandparents and great grandparents, real wood, stone and metal artisans
- Industrial life, with a retrospective of the main factories that used to exist in the region ( The Crayons Gilbert of Hastière, Céramanova from Waulsort)

## A museum for everyone

Adults and children will all find something of interest in this welcoming house – nostalgia, memories or anecdotes on how clever our ancestors were.

### Guided tours

Guided tours can be organised should you wish to learn more about the museum's collections. These include demonstrations of the tools. A pedagogic leaflet (with games, drawings and explanations) is available for primary school before they visit.

### Discovery trails in Hastière

This special day includes the guided tour of the Maison du Patrimoine, of the abbey, lock and dam – with or without meal (choice of menus and tastings of terroir products).
