The Musée de la Photographie in Charleroi presents « AREA 51, NEVADA, USA », a movie by Annabelle Amoros exploring the surroundings of an incredibly protected military base in the desert of Nevada, in the United States.

What to expect

- An exploring of the surroundings of the Area 51 military base, heavily guarded and protected by the American army. The location is surrounded by mountains, forming a natural border, an impassable one/ No one can access it or fly over it – no plane, nor satellite – and strange lights can sometimes be seen, explosions be heard.
