**The Venntrology is a long-distance hike divided into 6 daily stages through the most beautiful landscapes of the Hautes Fagnes.**

The 109 km path between La Calamine and Butgenbach winds through three natural landscapes characteristic of the region: the meadows and their stiles, the wild and mysterious expanses crossed by duckboards as well as the ridge paths overlooking the Warche.

**Departure:** 99b Route des Trois Bornes 4581 Plombières

**Distance:** 109 km

**Marking:** green, gray-beige and blue informative displays at the main crossings and passage markers throughout the route

Marked in both directions, the Venntrology is largely integrated into

the network of hiking hubs and connects already existing trails allowing the experience to be extended in the border region. It is among the 22 best long-distance trails in Europe and is certified “Leading Quality Trails Best of Europe”.

An official hiking roadbook (paper or digital) will give you all the information you need for your journey and help you discover the history of the region through influential personalities.
